

PARAS WAGHELA

MERN Stack Developer

+91-9967989394 paraswaghela777@gmail.com Portfolio | Github | LinkedIn Mumbai, India

SUMMARY

I am a self-driven MERN Stack Developer with extensive experience in building scalable web applications and integrating AI tools to enhance functionality. With a strong focus on solving complex problems, I have successfully tackled over 600 Data Structures and Algorithms challenges. My proven ability to lead backend development efforts while improving user experience and delivering performance-driven results sets me apart in the tech industry

EXPERIENCE

Freelance Developer

Mediatryx

01/2025 - 01/1970 Mumbai, India

Freelance Developer role focused on client projects

- Engineered and deployed a portfolio website enhancing client acquisition
- Integrated contact form with automated mailing for lead generation
- Ensured 99.9% uptime using Render and Hostingr

PROJECTS

AI Assistant

05/2025 - Present

A solo project leveraging AI technology within a web application

- Integrated Gemini AI in a MERN stack project to support five intelligent utilities: Chatbot, Code Review, Image Creator, and Summarizer
- Improved AI response relevance by 30% using advanced prompting and model testing

Interwin: Last Minute Interview Preparation Application

12/2024 - 03/2025

A team project focused on interview preparation tools

- Analyzed DSA patterns and famous topics and provided detailed information about each problem
- Designed and implemented authentication, OTP mailing, schema modeling, backend controllers, and state management
- Managed state flow using React Context and improved API response efficiency by 25%

StepUp Shoes Online Store

06/2025 - 07/2025

Built a full-stack e-commerce platform for selling shoes, handling all backend and database operations.

- Designed and implemented RESTful APIs for product listings, cart management, and user operations to ensure robust backend functionality.
- Collaborated with UI/UX designers to align backend processes with a seamless user experience.
- Implemented logging and error-handling strategies for easy maintenance and troubleshooting.
- Ensured data privacy and security compliance for all user-related processes.

KEY ACHIEVEMENTS

Problem Solving Excellence

Solved over 600 DSA problems across platforms such as LeetCode and GeekForGeeks.

Hackathon Achievement

Achieved Runner-up position in a coding hackathon, showcasing competitive programming skills

SKILLS

C++	OOPS	Express
Data Structures	GitHub	
Algorithms	JavaScript	MongoDB
React	Tailwind	Vercel
Node.js		

EDUCATION

Bachelor of Technology in Computer Engineering

K.J. Somaiya Institute of Technology

08/2022 - 05/2026
Mumbai, India

GPA
9.79 / 10

12th Class

B.S.G.D. Junior College

Mumbai, India

GPA
8.3 / 10

10th Class

Navjivan Vidhyalaya

Mumbai, India

GPA
9.2 / 10

TRAINING / COURSES

Data Structures & Algorithms Course - Codehelp

Web Development Bootcamp (MERN Stack) - Codehelp
